NIGHT BALL OPENS MONDAY AS TEAMS EAGER FOR BATTLE

Growers vs. Triple A's in Opening Clash in League; Six Nines Ready

MUCH INTEREST SHOWN

First Game Will Start Without Ceremony; Youths To Be Admitted With Pass

Upland Lemon Growers association and the Ontario Amateur Athletic association will blow the lid off the Upland night ball league when they meet under the flickers of the junior high diamond here at 7:30 o'clock Monday night. It's going to be a good season, if the players and the close followers of the sport have their way.

Each year the players get better and the competition more keen. Once the Growers had things pretty much their way, but time and new interest has changed things and at the start of another round, it looks uncertain where the one-time champions may end.

A year ago today, excuses had to be made for the Ontario nine, commonly known as the Triple A, but experience, a few new faces and good coaching have made this organization a likely contender for the 1932 title. This is not to be taken as meaning the Growers are out of the running. It does mean that other teams in the league have improved to such a point that the Growers are now faced with the task of going the limit in playing to stay in the running.

Without ceremony, the 1932 season will be started. The baseball commission will be on the job and perhaps the officials for the season will be introduced. The teams will take the field and the battle will be on.

Games will be played at 7:30 o'clock every Monday, Wednesday and Friday nights during the summer. The season is in two periods. The first half of the schedule ends July 8. A championship for this half will be determined and regular playing will be started again July 18. Winner of the first half will play the second half winner for the season title.

Atwood's finished with first honors a year ago and this organization is considered to be among the favorites for the awards again. Atwood's and Etiwanda tangle Friday night, with Guasti and Woodmen billed for the mid-week engagement.

George Smallwood, Chaffey sports writer, has been engaged by The News to cover the games, to compile data and keep tab on the performance of the leading players. He will also be the official scorer.

Atwood's smothered the Covina team 12 to 1 in a practice game played on the local diamond Wednesday night.

Youths under 15 years of age will be admitted free to the games in the Upland night ball league providing each one has a pass, issued by Clair E. Kirk, secretary of the baseball commission.

Without a pass, no youth will be admitted, but the ducat can be obtained without cost on personal application to Mr. Kirk's office at the chamber of commerce. Passes are being required as a means of giving better regulation at the games.

Today's Rain Gives New Opportunity to Boast of Big Total

Comparisons are encouraging if present figures look good in view of former records.

And today's shower makes it possible for a new comparison of rain figures for this year and a year ago. Precipitation this morning added .26 of an inch making a season total of 28.09 inches. A year ago the rainfall record was 17.85 inches.

In view of the fact that the fiscal year for tabulating rainfall ends June 30, the present figure can be considered as a very likely total for the year. That is, unless June, frequently a rainless month, decides to make some real rain figures.

Jones Family Girls Recieve Diplomas

It's an event when one member of the family is a graduate. It is a real thrill when two members are getting diplomas. And only Mr. and Mrs. Lester Jones know what it is like to have three daughters in the list of graduates in local schools.

Nellie Jones received a diploma last night from the Upland junior high school. Lucille Jones will get a diploma as a graduate from the junior college tonight. Marie Jones will be a high school graduate Tuesday night.

Parents of graduates naturally look forward to attending commencement exercises and the Jones household this weekend is just one grand round of attending exercises and seeing their daughters graduate.

CITY SPENDS LESS THAN BUDGET SAYS

Of Money Raised for 1930-31, Upland Saves, Report to Council Reveals

With many cities facing a deficit and with some having to draw on reserve funds to finish the fiscal year, Upland is building up a reserve, which by June 30, end of this city's 12-month period, will be approximately $3000.

In other words, that much money will have been raised by taxation and was included in the budget for expenditures, but it will not be used.

Richard G. Manley, city service manager, submitted a financial report to the city council last night showing that the city is living under its proposed expenditures and that the money saved will serve as a reserve fund. This saving represents nearly 10 cents in the tax rate on each dollar of assessed valuation.

The new tax rate to be made for the year, starting July 1, and ending June 30, 1933, will be lower than this year due to the economy measures adopted by the council and administered by Mr. Manley.

The financial report last night showed that $2660.89 had been saved over the contemplated expenditures. Mr. Manley predicted this figure would be $3000 by the end of the month.

The city has received $23,293.37 from the county in tax money, this to serve as funds for the city during the next fiscal year.

Manslaughter Charge To Be Aired Tuesday

LeRoy Full, Los Angeles, charged with manslaughter in the death last Sunday of Mrs. A. Morning, San Bernardino, will be before judge George R. Crane at 10 a. m. Tuesday for a preliminary hearing.

Mr. Full was formally charged with manslaughter following the inquest Tuesday afternoon and date set for the preliminary.

The accident occurred on Foothill boulevard just west of Mountain avenue early Sunday evening, Full's machine crashing head-on into the Morning car.

Warning Signs To Be Placed on Foothill

"Slow blvd. stop." These words will be painted on Foothill boulevard at the approach of Euclid avenue as a means of warning motorists of the "stop" signs at the avenue.

Richard G. Manley, city service manager, brought up the question at the city council meeting last night. He wrote to E. Q. Sullivan, district highway engineer, for a uniform plan of wording, but the reply did not contain a suggestion.

The council voted to have the words painted on the highway.

Mrs. W. B. West Goes to Beach for Summer

Mrs. W. B. West and her son, Arthur, and her granddaughter, little Phyllis West, left this morning for Laguna Beach where they will spend the next two months. While in the beach city Arthur will take a course in marine zoology at the Pomona college beach laboratory.

During their absence the West home on Campus avenue will be occupied by a tenant.

DAYS WE'LL NEVER FORGET

CHURCH CONFERENCE TO OPEN THURSDAY

Delegates Come from All Parts of Country; Teachers Confer Wednesday

With delegates and lay members coming from points throughout the United States and Canada, the General Conference of the Brethren in Christ church will open the annual five days convention next Thursday, June 9, in the Upland Brethren in Christ church.

The church, Sunday school, missions and church schools, all will be given special attention at the various sessions which will be held almost continuously during the five days, with a number of sermons by prominent ministers during the church services.

On Wednesday, the day preceding the opening of the conference, a teachers' conference will be held at the invitation of the Beulah college faculty. This will be a closed meeting, the attendants being only the presidents and faculty members of the Brethren in Christ church schools in various parts of the country. Matters pertaining to the welfare of the schools will be discussed.

Upland Teachers in Schools of Fontana

The teaching staff of the Fontana schools was announced Thursday by the board of trustees and it will be of interest to friends here of at least three of the teachers to know that they are again to teach in Fontana next year. Edwin W. Elliott will be vice-persident of the high school; Archie L. Moore will teach manual arts in connection with his Chaffey work, and Mrs. T. J. Lowry, (Miss Rosella Hoppe) will teach in the primary department.

Teachers Here Enjoy Breakfast Together

Teachers in the Upland school district and the Upland school trustees united for a breakfast in the Upland Woman's clubhouse this morning as the final event of the school year.

Teachers served as hostesses with the school principals and the school board members guests. Harold W. Cook, junior high principal and superintendent of the local schools, expressed appreciation of the teachers and the school board for their cooperation in making the year a success. Glenn M. Atwood, president of the school board, responded, pointing out the important part the teachers play in the life of the community and in the schools.

Manley To Receive U.S.C. Degree After Three Years' Civic Study

Richard G. Manley, city service manager, will tomorrow be graduated from the University of Southern California with the degree of Batchelor of Science in Public Administration. His will be the first degree of its kind awarded by the university, the school of public administration being established to meet the growing tendency among city officials to give special study to their work.

Officials of Los Angeles county have been attending the school, and the local official has been going to night classes. His first class was in 1929. His course of study has included municipal finance, budgeting, city planning, police work and allied subjects.

As the result of his study in the class and his enterprise in city management, Upland is conceded to be one of the best governed municipalities for its size in the southland. In the effort to place Upland on strictly a business basis and to bring economy into affairs, Mr. Manley has received the wholehearted support of the city councilmen and other city officials.

As one indication of the place Upland and Mr. Manley hold in the eyes of the southland, the local official has been asked to become one of the leaders and committee chairmen at the Institute of Government to be held at the university June 13 and 17. He will serve as chairman of one of the budgets and accounts committee meetings. He has also been asked to read a paper, prepared by himself, on "Council Records," at the city clerks' division of the institute.

JULY 4TH PLANS TO BE DISCUSSED

Legion Men Will Take Lead in Planning Events for Community

Detailed plans for the observance in Upland of the Fourth of July will be discussed at the meeting of the Upland post American Legion at the clubhouse Tuesday night, Thomas E. Howarton, commander, said today. The revised constitution and by-laws will be presented for adoption.

Under the sponsorship of the legion, this community has in recent years enjoyed fireworks on July 4, but plans for this year are more extensive, with events planned in the afternoon and evening. A community day, with races and athletic events and a ball game planned, is being considered.

Earl E. Marsh presided at a recent meeting of representative citizens at which July 4th plans were discussed. Mr. Marsh will report on that meeting and tell of further plans being considered for the national holiday.

Local Magician at Junior High School

Something new in the way of entertainment was given students at the Upland junior high school Wednesday morning when Geo. C. Foote, local magician appeared at the assembly and performed several interesting stunts of magic that were enjoyed by everyone in his audience.

Mr. Foote frequently attends the meetings of the Los Angeles Society of Magicians, of which he is a member, and he secures many new ideas there.

MANLEY IS HONORED BY CITY EMPLOYEES

Work of Service Manager Is Incentive for Gift From Fellow Officials

As an indication of the high esteem in which they hold Richard G. Manley, all employes of the city united yesterday afternoon in presenting to the city service manager a traveling bag. The gift was given as a graduation present, Mr. Manley being among the U. S. C. class that will tomorrow receive diplomas in Los Angeles. After three years of study and attending night classes at the university Mr. Manley has completed requirements for a degree in the school of public administration.

The gift was presented in the city offices at 4:30 o'clock yesterday afternoon. Returning to his office at that time, Mr. Manley found the room filled with almost every employe of the city. Mayor P. H. McQuillen presided and in his versatile manner extended congratulations and the present to the highly esteemed official.

The gift was accompanied by a letter signed by all the employes.

Mrs. Heinauer Very Sick With Typhoid

Mrs. Oris Heinauer is showing little improvement in her battle against typhoid fever at the San Antonio Community hospital, her condition being critical, it was reported by hospital attendants today.

She has been confined to the hospital for nearly three weeks.

WINIFRED O'BRIEN HONORED AS BEST STUDENT IN CLASS

Junior High School Commencement Closes With Honor Being Announced

GET HONORABLE MENTION

66 in Class Finishing Here, With Lions Club Awards Going to Girl

Winifred O'Brien is the best student in the Upland junior high school graduating class, which last night received diplomas.

Five factors were considered in judging and Miss O'Brien, the daughter of Mr. and Mrs. F. E. O'Brien, was rated higher than any other of the 65 students in the class, although competition was very close. Eight students were so near the winner they were named for honorable mention.

To inspire students to do their best and to provide an incentive for outstanding work, the Upland Lions club three years ago provided the school with a huge placque on which names are to be inscribed and also with individual replicas of the placque to be given to the winners.

Miss O'Brien is the first girl to win the honor, she being given a pin, replica of the placque. Honorable mention was given to the following: Jack Atwood, Martelle Atwood, Ruth Eckman, Evelyn Foote, Dorothy Hendy, Margaret Linsley, Merton E. Hill, Jr., and David Ward.

Harold Randle won the award last year with Donald Harris being the first one to receive the honor, two years ago.

Presentation of this honor was a feature of last night's commencement program. Many of the students appeared on the program and as the final event was finished, Principal Harold W. Cook announced the results of the study to determine the best all-round student. These five factors were considered in making the selection: scholarship, citizenship, sportsmanship, leadership and loyalty.

During the three years Miss O'Brien has been at the junior high school, she made an average of 95 per cent in her studies and she has been a popular leader in the class.

Gardiner W. Spring, Chaffey principal, presented the class diplomas. Parents and friends of the graduates packed the school auditorium.

Booth Will Occupy Larger Store Room

W. F. Booth has leased the building on Second avenue formerly occupied by furniture stores and will sometime during the next three months move the goods from his present 5-10-25c store to the larger storeroom. Mr. Booth has obtained a five year lease on the location.

Since coming to Upland several years ago, Mr. Booth has attracted a large following of customers. In the new location he will add new lines and gradually expand in offering services and merchandise to people in the Upland district.

Most of Fine Money Comes From Drivers

Most of the fines paid to Judge George R. Crane during May came as the result of traffic violations, it was revealed in the judge's report to the city council last night.

Total received was $233, and one fine of $25 was paid on a liquor charge, the remainder coming largely from speeders and reckless drivers.

H. F. Rice Purchases Concession at Park

J. A. Stout, S. A. Heights park caretaker, has sold his concession interest at the park to Harry F. Rice, resident adjacent to the park. The city council last night approved the sale and will give Mr. Rice authority as caretaker.

Mr. and Mrs. Stout moved to Upland several years ago and have been successful tenants at the park.

J. E. Krebill thanked the city council and especially Richard G. Manley, city service manager, last night for the effort shown in re-filling the well cave-in at his Eighteenth street citrus grove.

His expression was in a letter to the council. Shaft of an old well caved in three weeks ago, part of the hole being in the street right-of- way and part in the grove.

PUBLIC UTILITY OWNERSHIP TALK AT COUNCIL MEET

City Dads of Opinion Better Service and Rates Possible in That Way

INVESTIGATION PLANNED

Figures From Cities Having Publicly Owned Plants To Be Secured

As a means of giving people better service and lower rates on certain public utilities, such as light, power and telephone—municipal ownership was discussed by the Upland city council at its meeting last night. The recent apparently unwarranted increase in telephone rates in Upland, making them with one other isolated small city, Taft, the highest telephone rates in the state, make it appear that the only method of getting satisfactory public utility rates may be for the city to own and operate its own utilities and use the earnings from same to reduce its taxes.

Certain towns and cities have almost abolished taxes and paid out their interest and bonds, it is reported, from earnings of municipal enterprises—and without increasing the rates charged by public service corporations. Regardless of how these earnings might be used—whether to lower rates or as a means of lowering taxes—the records of these city owned enterprises gave Upland councilmen food for thought and should result in the thorough investigation of a number of cities where public ownership is in force.

The city of Tucson, Ariz., recently upon going ahead and planning for its own power plants and distribution system for light and power received the concession of $225,000 saving in its annual light and power bill, the councilmen were advised.

Municipal ownership here would mean the employment of more local people. The recent instance of the Southern California Edison Co. in centralizing its personnel elsewhere was pointed out as having taken some of the activities from Upland and Ontario and reducing the number of local employes.

Various means of economizing in city operation were under discussion, as usual, last evening at the council session. R. G. Manley, city service manager, suggested that the city try using 100-watt bulbs instead of the 250-watts now used along the streets and alleys. This would make a saving of approximately $600 per year in electric current. This plan will be given a trial in certain blocks and results closely watched. Ontario curtails its street lighting bill by turning off the light at an early hour in the morning. However, Upland city dads seem of the opinion street and alley lights are faithful and efficient watchmen and also that citizens forced to use the streets in the early morning are entitled to the safety and convenience the lights assure.

Upland's street light bill is approximately $4,000 a year. In addition to the charge for current there is at present also a service charge of $1 per month for arc lights and 50c per month for the bracket lights, this being included in the above figure of $4,000.

Cucamonga Officers Return From Mexico

CUCAMONGA, June 3—Judge James Sharp and Deputy Sheriff Jack Brown know a little bit what the early pioneers endured. That is, if the pioneers got stuck and had to use block and tackle to be pulled out, if their vehicles hit chuck holes so big and so hard that they broke, then the two officers know what traveling was like years ago.

The men returned Wednesday from a 10 days' trip south, going 700 miles below Ensenada, Mexico, and according to their tale that is down where roads are not made and where speeding is unknown. Block and tackle were used once when their car got stuck in a chuck hole. In general there was no road bed and when route got too full of holes, the vehicles would use a strip adjacent to the old road.

We Will continue to Use Gasoline

Either there is no depression in California—which we would hesitate to assert—or it has no effect on the use of gasoline. And when it must be admitted that a considerable part of the state's gasoline consumption goes for pleasure, the fact that the motorists of California used 1.13 per cent more gasoline in the 30 days of April than in the 31 days of March, and that there is less than 1 per cent difference between the totals for April of 1931 and April, 1932, the fact seems to be established that we use gasoline, depression or no depression. For by all standards, it was less in evidence a year ago than now, says the San Bernardino Sun.

The figures certainly challenge attention. In April last the gasoline tax levied in California totaled $3,477,087.17, which is at the rate of $40,000,000 a year, and explains why other departments of state besides that of highways look with envious eye on this steady stream of income, paid so easily and unconsciously by the taxpayers. It alone ought to persuade every citizen that a sales tax is the easiest, the fairest, the most widely distributed, and by all means the one method of taxation that both state and county should hurry to avail themselves of. Incidentally, and because of the last statement let us add that while we believe in the sales tax, it should be combined with an income tax that would lay a heavy hand on large incomes.

It is worthy of note that the gasoline tax in California is the only one which shows no shrinkage. Other state taxes are down, county and city taxes are away off, with immense delinquent lists, but the gasoline tax—which is nothing but a sales tax, maintains its headway and at a pace that is and must be surprising. That it should show no slump worth mentioning almost defies explanation, for the only theory must be that motoring is the last pleasure that a somewhat depressed public will deny itself. Compare the figures for the same month of the two years: April, 1931, $3,510,691.60; April, 1932, $3,477,087.17—a difference of a little more than only $33,000!

Twenty-eight companies distributing more than 300 gallons each during the month were levied on, the Standard Oil Co. easily first and distilling double as much as each of its closest competitors, Shell and Union. The total produced in California during April, subject to the 3-cent gasoline tax was 117,073,641.1 gallons.

Mayor Jimmy and His Playmate

The great and only Will Rogers will now have to take a back seat as the world's greatest humorist. Paul Block, playmate of Mayor Jimmy Walker of New York, the like of whom, it may be, there are too "Tam-many," now takes rank at the head of humorists—since he related that story in court as to how he got the idea of making some money for his friend Jimmy. Or is he the world's greatest Block-head? That may depend somewhat upon whether or not he expected his story would be believed. New York mayors have always become poor (oh, yeah!) while in office, so Mr. Block wanted to keep his friend Jimmy from going "over the hill to the poor farm."

But—if Mr. Block isn't so smart, he has a brilliant ten year old son; and that's where he got that idea about helping the "poverty stricken" mayor out. Seems that lad got to worrying about Jimmy being able to "keep the wolf from the door" with that paltry $25,000 per year the city of New York pays him for officiating as mayor, but his father assured him "he probably can, but it might be difficult." And it really is difficult to see how a mayor can get along with a small wage like that, when the stingy city does not provide an automobile for his wife—only one for the mayor himself.

So Mr. Block thought he ought help his friend Jimmy make some money—and in about a month he told the dapper mayor "I am going to open up a joint account and make some cash for you." But Jimmy thought he ought not do that—still Mr. Block persisted in it, and did so. However, he had no idea the profits would grow as they did—to more than $246,000, due to a rising market; something like that story about "Jack and the Bean Stalk." Or—like Topsy, we believe the newspaper account stated it.

This News Guy would certainly appreciate a friend with the same generous tendencies—especially if we had to struggle along on a mere pittance of $25,000 per year. But we wouldn't want the general public to know anything about it—if we were holding down the office of mayor.

—o—

For the first time in many months, employment in California has markedly improved, and April showed an increase of seven per cent over that of March. Pay rolls increased 2.4 per cent, but the individual earnings decreastd 4.2 per cent. Increased employment in the food group showed an increase of 73.2 per cent in employees and 37.9 per cent in pay rolls. In building permits, the review stated that of the 19 major cities of the state, eleven showed an increase in permits and eight a decrease over the preceding month. Time deposits of all reporting banks of the Twelfth Federal Reserve district have materially increased, and on May 4 had regained all ground lost since Feb. 3. Demand deposits which had increased during each of the first three weeks of April, declined during the last week to new low levels. Total deposits, however, showed a net gain for the period between April 6 and May 4. Over the state, bank debits showed a decrease of 3.01 per cent over March.

—o—

And another of the signs that we are getting back to normal is the reduction announced in the price of football tickets for this coming season. The University of Southern California reductions average more than twenty per cent as compared with last season, and other colleges have announced similar reductions.

—o—

When the high powered automobile salesman again tells you he can't deliver your new car for six weeks—then you'll know we have caught up with prosperity and that it is no longer "just around the corner."

—o—

"Corn is the outstanding crop of America," remarks one of our exchanges. We presume that's because nearly everybody grows 'em.

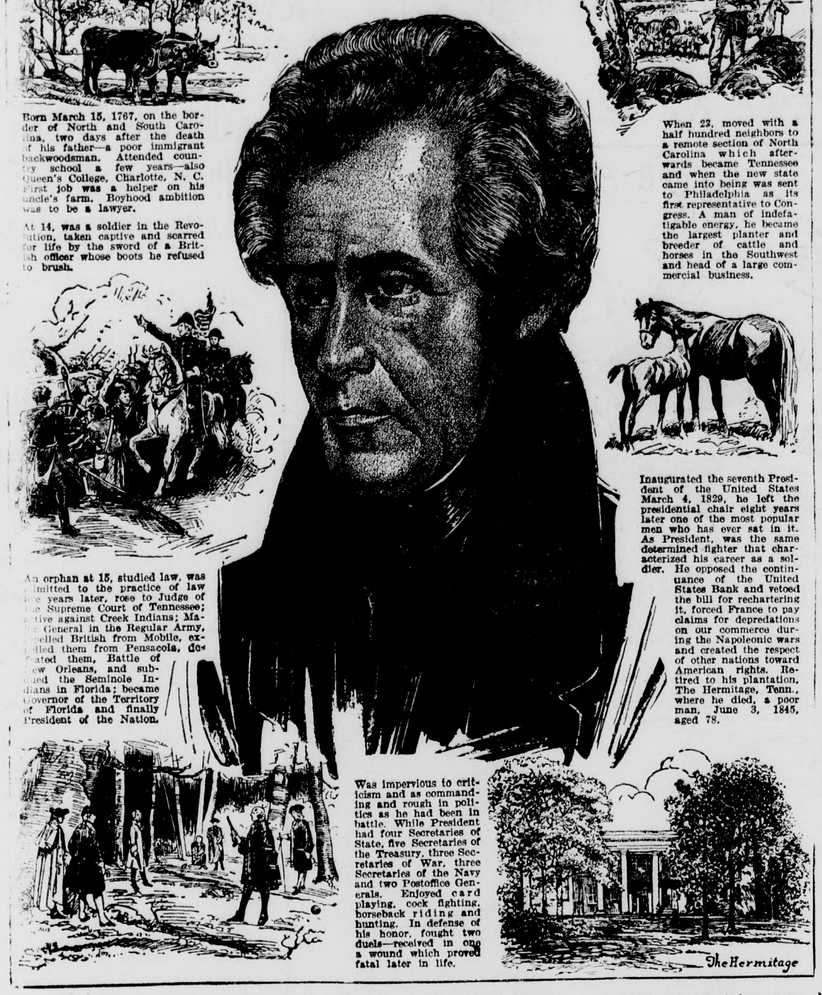

—o—

If, as the old adage goes, money is the root of all evil, there are a lot of people these days who are just about 100 per cent pure.

ANDREW JACKSON

Born March 15, 1767, on the border of North and South Carolina, two days after the death of his father—a poor immigrant backwoodsman. Attended country school a few years—also Queen's College, Charlotte, N. C. First job was a helper on his uncle's farm. Boyhood ambition was to be a lawyer.

At 14, was a soldier in the Revolution, taken captive and scarred for life by the sword of a British officer whose boots he refused to brush.

An orphan at 15, studied law, was admitted to the practice of law six years later, rose to Judge of the Supreme Court of Tennessee; active against Creek Indians; Major General in the Regular Army, expelled British from Mobile, expelled them from Pensacola, defeated them, Battle of New Orleans, and subdued the Seminole Indians in Florida; became Governor of the Territory of Florida and finally President of the Nation.

When 22, moved with a half hundred neighbors to a remote section of North Carolina which afterwards became Tennessee and when the new state came into being was sent to Philadelphia as its first representative to Congress. A man of indefatigable energy, he became the largest planter and breeder of cattle and horses in the Southwest and head of a large commercial business.

Inaugurated the seventh President of the United States March 4, 1829, he left the presidential chair eight years later one of the most popular men who has ever sat in it. As President, was the same determined fighter that characterized his career as a soldier. He opposed the continuance of the United States Bank and vetoed the bill for rechartering it, forced France to pay claims for depredations on our commerce during the Napoleonic wars and created the respect of other nations toward American rights. Retired to his plantation, The Hermitage, Tenn., where he died, a poor man, June 3, 1845, aged 78.

Was impervious to criticism and as commanding and rough in politics as he had been in battle. While President had four Secretaries of State, five Secretaries of the Treasury, three Secretaries of War, three Secretaries of the Navy and two Postoffice Generals. Enjoyed card playing, cock fighting, horseback riding and hunting. In defense of his honor, fought two duels—received in one a wound which proved fatal later in life.

Other Editers' Ideas

Wall Street a Candidate

Hemet News: Governor Smith is not a candidate for president, but Wall Street is. The inner secret of the Smith movement is not difficult to solve.

That the Democratic candidate is likely to be elected is generally conceded, and Wall Street wants a friend at court. If the re-election of Hoover were reasonably assured, Wall Street would put up the necessary campaign fund to make it certain. But lacking that assurance control of the government by Big Business, always nopartisan, can be made certain by the selection of Wall Street candidates by both major parties.

Governor Smith does not expect the nomination, but if his group of delegates combined with other smaller groups can control more than a third of the delegates to the national convention the nomination of Roosevelt or another progressive might be prevented, and after three or four days of struggle a tired convention might turn to Owen Young or some other friend of Wall Street.

There is one hope for the progressives, even though Roosevelt should fail to secure the necessary two-thirds of the delegates. A majority can revise the rules requiring a two-thirds vote to nominate, and if the Roosevelt strength is more than a majority this will probably be done.

Shortridge for Resubmission

Claremont Courier: There is no longer any doubt about it; very soon retention of the Eighteenth Amendment will come before voters for a referendum.

The Literary Digest vote has convinced dries there is no longer anything gained by opposing the movement. The longer it is put off, the heavier will be the vote for a change from the present status.

Senator Shortridge announces his belief that the matter should go before the people for a vote. After all, this is a country where, most of all, we preach the theory of majority rule. Most likely the vote will come in an off-election year when the question can be removed from political party issues.

The vote in favor of killing the 18th amendment will depend largely on what is proposed to be substituted. If it means return of the old-time saloon, it should be vigorously opposed and probably could not carry in two-thirds of the states. Bad as conditions are now, they were, and would be, infinitely worse under the saloon system.

Norway's system of regulating liquor sales seems about as practical and less harmful than any I have studied. There is complete governmental control and all profits above 6 per cent go to the government. First there is local option in all communities. No private individual may sell liquor. A corporation must be organized for sales purposes. The places of sale are stores like our grocery stores. Your purchases are wrapped and handed you as are groceries. You may not drink there nor treat there. The price is sufficiently low to make bootlegging too hazardous an occupation for the small profit. Light wines and beer are served in creditable hotels but only with lunches or meals.

If this country must, by vote of the people or state conventions or other constitutional means return to legalized liquor sales, we should first be assured that a system wholly different from privately owned saloons will take its place.

Vista Press: Queer how many people assume that editorial opinions of the metropolitan newspapers are a true reflection of most public opinion. Many able and thinking men are on the staffs of the weekly newspapers of the small towns and on the dailies of the small cities, yet a great many people do not take their opinions with much seriousness.

There is no logic in the conclusion that a paid writer on a metropolitan paper is as close to the real thought of the people as the editors in the smaller communities, who are in daily contact with the people most representative of American citizenship.

Annual Meeting and Election of Officers Held; Plans Made for Girls Camp

Reelecting Mrs. H. M. Shattuck to the presidency, the executive board of the Chaffey Community Girls Organizations held the annual meeting Wednesday in the Girl Scout home at the Ontario junior high school. Mrs. Kenneth T. Hanson was reelected vice-president; Mrs. Herschel R. Griffin was named secretary and Mrs. Theo Krysto was reelected treasurer.

The six members of the board whose terms expired this year, were reelected to another three year term, they being Mrs. Welles T. Ross and Miss Daisy Latimer of Ontario, Mrs. J. F. Grass, Jr., of Alta Loma, Mrs. John Frost of Etiwanda, Mrs. A. J. Downing of Fontana, and Mrs. A. L. Weber of Upland.

Miss Clara Bissell, general secretary, and Miss Louise Harris, assistant secretary, submitted final reports on the May Olympic festival, giving the net proceeds as $26. The two winning organizations, the Upland Girl Reserves and the Alta Loma Girl Scouts, each will have the privilege of sending $13 to the countries they represented, Bulgaria and Alaska, respectively, to be used in girls work.

Considerable time was spent in planning for the girls summer camps at Camp Conifer, the first of which will open next Wednesday.

All girls who expect to attend are urged to register at once. It also is stated that all luggage must be left at Miss Harris' home, 118 West J street, Ontario, by Sunday, since the truck leaves for camp Monday morning.

At the close of the meeting a social hour was held in honor of Miss Bissell and Miss Harris, who will not be with the group next year, and as a mark of appreciation of their excellent work, they were presented by the board with two volumes of "Folk Songs of All Nations."

Lauren M. Handley, Chaffey Graduate, Wins Law Degree

It will be of interest to his friends in Upland to know that among the graduates from the school of law of the University of Southern California who will receive their LL. B. degrees on Saturday, June 4, will be Lauren M. Handley, son of Mr. and Mrs. A. J. Handley of 705 Euclid avenue.

As a boy, Mr. Handley graduated from the Upland grammar school in 1915 and from Chaffey high school in 1919. Later he won his A. B. degree from Claremont college, being captain of the 1923 track team.

After one year in the Harvard university school of business administration and a year's employment in New York, Mr. Handley served six years as assistant credit manager for the Blue Diamond Materials company in Los Angeles. In June of 1927 he enrolled at the U. S. C. law school, studying at night while continuing with his full time job. He is now associated with the law office of Charles A. Frantz, Los Angeles attorney.

Mr. Handley is a member of Phi Delta fraternity of Pomona college, and of Gamma Eta Gamma, national legal fraternity.

Concert Cancelled by Men's Quartet

The sacred concert scheduled to be given this evening in the Mennonite church by a quartet of singers from the Bible Institute in Los Angeles, has been cancelled, it was announced Thursday by the Rev. A. J. Neuenschwander.

The decision not to resent the concert was made because of the date conflicting with the Chaffey junior college graduation program.

The young men will leave in a few days for an extended concert tour of a number of states.

Rev. Shirley R. Shaw Addresses Members of Upland Club

Gathering in the attractive dining hall of the Davis Coffee Shop on Foothill boulevard Tuesday evening, members of the Upland Business and Professional Women's club held their annual meeting, the features of which were a heartily approved address by the Rev. Shirley R. Shaw, pastor of the First Christian church of Ontario, and the election and installation of officers, Miss Margaret Doig being selected to lead the club during the coming year, succeeding Mrs. Gladys Riley Chormicle.

Special attention had been given to the table decorations. Varied pastel colors were selected for the dainty nut cups and streamers of crepe in the same shades were laid the length of the tables. The pastel colors were repeated in the garden flowers, low baskets of verbenas, bowls of lavender stock and mixed sweet peas being used. About the rooms were other baskets and bowls of colorful blossoms. Mrs. Rose Burwell and Mrs. Ralph J. Wilson were in charge of the decorations.

Because of the lengthy business session necessary, the usual order was reversed and the program followed immediately after the dinner. Preceding the regular program, members of the program committee, Mrs. Ralph J. Wilson, Mrs. Rose Burwell, Mrs. D. M. Thrash and Mrs. F. H. Manker, assisted by Mrs. M. H. Bailey, held a previously planned "impromptu" auction of talents. This was a comedy stunt supposedly given for the benefit of the club treasury, but in reality provided more nonsense for the members than cents for the coffer, and won hearty laughter.

Joe Teuscher of Ontario, known throughout this section as a talented whistler, contributed an enjoyable number, whistling "A Mother's Love," his own composition. He was accompanied by Mrs. Wilson.

The Rev. Mr. Shaw, the guest speaker, was introduced by Mrs. Burwell, program chairman, and taking as his subject "Debits and Credits," he very ably discussed the forces, both good and detrimental, that are influencing the world today. Stating that mutual honor and goodwill is the greatest and only reliable credit that may be established between nations, Mr. Shaw declared that individual and national integrity, honesty and industry are the only hope for the peace and happiness of the nations.

A government based on capitalistic autocracy cannot stand, the speaker declared, the only hope for just and equitable government being true democracy.

Speaking more specifically, Mr. Shaw declared it to be his sincere conviction that the real cause of the depression was and is the gigantic legalized gambling on the stock market in Wall Street. The blind, smug satisfaction of the home, the school and the church and their failure to provide for the younger generation the proper education in the essentials for right living and self-government were listed by Mr. Shaw as being responsible for the present disregard of law and laxity in enforcement of laws.

His address was a real inspiration to the club women, giving them many worth-while thoughts to ponder.

The presentation of the collection of lovely gifts was one of the pleasant features of the happy evening and some time was spent in playing bridge. The score prizes were awarded in the order named to Miss Miriam Alexander, Miss Wanda Oswald and Miss Helen Smith.

A refreshing evening collation was served by the hostesses, who used a color combination of green and pink in their floral decorations and table appointments. They were assisted in entertaining by Miss Johns' mother, Mrs. C. T. Johns.

Guests, friends from Ontario and Upland, invited to share in the courtesy to Mrs. Holden were the Misses Marian Holden, Jessie Pollock, Isabelle Matthews, Betty Lee Bodenhamer, Wanda Oswald, Marjorie Taylor, Madalene Barker, Doris Dewees, Leila Frost, Naomi Martin, Helen Smith, Janet Hilton, and Betty Webber.

Miss Margaret Doig Is Club President

Miss Margaret Doig, member of the teaching staff of the Tenth street school, was elected and installed as president of the Upland Business and Professional Women's club during the annual business meeting held following the dinner and program at the Davis Coffee Shop Tuesday evening.

Mrs. Gladys Riley Chormicle, the retiring president, who will go to her home in Hemet at the close of school, has most faithfully and graciously served the club the past year, which has been a particularly successful period for the organization.

Miss Doig has served efficiently as recording secretary during the club year and assumes the office of president with the unanimous goodwill and hearty support of the entire membership.

The report of the nominating committee was accepted unanimously when the secretary was instructed to cast the ballot for the following officers: Miss Doig, president; Miss Florence Armstrong, first vice-president; Mrs. Rose Burwell, second vice-president; Mrs. Clara Jacobs, recording secretary; Miss Evelyn Swoap, corresponding secretary; Miss LeOla R. Lee, treasurer; Mrs. F. W. Mellon, business manager, and Mrs. F. H. Manker, auditor.

Annual reports of the officers were received and announcement was made of the annual convention of the Southern District to be held in Glendale on June 10-12, and of the appointment of Miss Jessie Brown as one of the delegates to take the place of Mrs. Una R. Winter, who, as a district officer, has voting privileges without appointment.

As a token of their appreciation and esteem the executive board members presented Mrs. Chormicle with a handsome basket of beautiful flowers, Mrs. H. M. Bailey making the presentation.

The gavel was then formally turned over to the new persident and with a few appropriate remarks Miss Doig adjourned the meeting.

Reception Held For Patrons of School and Teachers

Mothers of children attending Colony school during the past year were honored and one of the new teachers for the term opening in the fall was presented at a reception recently at the home of Miss Imogen Crane on West Twenty-fifth street. Mrs. Luther Daniel, who is the new owner and principal of the school, shared the hostess honors with Miss Crane. The occasion was also in the nature of a farewell to Miss Frances Barr, retiring owner and principal, who has so successfully operated the school for a number of years.

Sixty invitations were extended to the mothers of the pupils and a pleasant afternoon was enjoyed by the women. Mrs. Effie Chandler of North Carolina and Los Angeles will be a member of the teaching staff in the fall and she joined with those present in a fitting close of the school year.

Assisting Miss Crane and Mrs. Daniel were Miss Mertie Smith, Mrs. Howard N. Mason, Mrs. William Mason, Miss Mary Marshall, Miss Florence Rickel, Mrs. Milton G. Davenport, Mrs. D. E. Myers and Mrs. Rembrent Anderson. Mrs. Alexis Crane and Mrs. Ray Ford presided at the tea table.

Deemy-Raser Wedding Occurs Thursday

In a ceremony of impressive solemnity yet marked in the simplicity of its arrangements, Miss Bernice Deemy of Dallas Center, Iowa, became the bride of John Raser of Waukee, Iowa, the nuptial event occurring in the Brethren in Christ church at 10 o'clock Thursday morning. The marriage service was read by the pastor, the Rev. Alvin C. Burkholder, in the presence of a large number of wedding guests.

An artistically arranged bank of fernery graced the altar and several lovely bouquets of flowers lent subdued color to the scene.

Preceding the ceremony Miss Janna Goins, accompanied by Miss Leoda Smith, pianist, sang "In Heavenly Love Abiding" and "How Welcome Was the Call." A duet, "Whispering Hope" was sung by Miss Catherine Eyer and Miss Goins. Announcing the entrance of the bridal party, Miss Smith played the "Bridal Chorus" from Lohengrin and as the recessional she played Mendelssohn's "Wedding March."

The bride was charmingly clad in a white silk crepe wedding dress and carried a white Bible from which fell a shower of lilies-of-the-valley. The bride's attendants were Mrs. Charles H. Naylor, matron of honor, who wore a dark blue costume; Miss Sarah Wolgemuth, maid of honor, clad in a pale green frock, and Miss Lucile Wingert, bridesmaid, wearing an orchid colored dress.

The little flower girls, Ardis and Harriet Byer, were daintily clad in pink frocks.

Cletus Naylor served the bridegroom as best man and the other attendants were Amos Buckwalter, Albert Cober and Ezra Wenger.

Following the ceremony a reception was held at the home of Mr. and Mrs. Chas. H. Naylor, 519 Eighth avenue, about 30 guests, members of the bridal party and relatives, attending. A wedding luncheon was served, the menu including a handsome wedding cake.

Both the bride and bridegroom came from Iowa to attend Beulah college and have won many friends in the college and church circles.

IRELAND-ENGLAND TROUBLE OUTLINED

Dr. Foster Tells of History Back of Movement to Refuse Payments

Present trouble between Ireland and England dates back years ago to a time when England purchased land from the Irish landowners in order to give the Irish tenants an opportunity to free themselves from the heavy rent payments.

Dr. Bert Foster presented a historical background to the Irish question at the meeting of the Upland Lions club in the Red Hill Country club yesterday noon. Years ago the Irish tenants were heavily burdened with rents demanded by the landowners and English leaders seeing the tenants' position sought to purchase the land.

The land was obtained and arrangements made whereby the tenants were to buy the land back and pay England in annual installments. Under the leadership of President DeValera a movement is underway to refuse payments to England. The executive is seeking, according to Dr. Foster, to create the idea that the arrangements for the land were not made in good faith and that the Irish are justified in refusing payment. Dr. Foster also explained that a small piece of territory in Ireland belongs outright to England and that in rescinding the arrangements of years ago, the Irish leaders hope to get control of that territory.

Adding Irish atmosphere to the meeting, two songs were sung by J. Lynward Grahame, formerly of Ireland. J. Emery Sargent was program chairman, with Harold W. Cook, president, and Floyde L. Atwood, vice president, dividing the time in the executive chair.

Old-Time Comedy To Be of Interest

Floyd Bunnelle, Archie L. Moore and Dorothy Leezer in a scene from "In the Shadow of the Rockies," musical revival to be presented at the Little Theatre in Padua Hills June 7, 8, 9 and 11.

Thursday night, June 9, has been designated as the Upland performance of the Claremont Community Players production of "In the Shadow of the Rockies," a musical revival of Frank H. Bernard's celebrated old-time comedy drama, in which Archie L. Moore of Upland is taking the leading role. The play will be presented June 7, 8, 9 and 11, with two matinees, June 10 and 11, at the Little Theatre in Padua Hills.

The Players final production of the current season, "In the Shadow of the Rockies," will feature soloists and a chorus singing a number of old-time ballads arranged by Joseph W. Clokey, costumes, characteristic stage settings and an orchestra which will add considerably to the romance and appeal of the period.

The play harks back to the closing years of the past century. It is a notable if slightly antiquated drama of the early West, involving gold, a villain and a heroine, and as such is vastly amusing to present day audiences.

BOY SCOUTS STARTING CAMP SEASON; GIRLS TO REGISTER NOW FOR OUTING

Today begins a series of outings and summer camps for Boy Scouts in the Upland district, with the Camp-o-Ral being held today and tomorrow on the banks of the Santa Ana river near the Los Serranos Country club grounds. By patrols, each group will be in competition with other groups on the basis of camping, cooking their own meals and field events.

Members of the camp committee of this district will be judges, with Robert Henderson, chairman of the group. Tonight's dinner menu will be specified and its preparation will figure in the judging. A huge campfire will be the center of activities tonight and tomorrow among the events will be a "dark horse" scout field meet. This event will consist of each patrol sending a contestant to compete and after the contestants are lined up announcement will be made of what event will be held, such as making fire by friction, knot tieing, etc.

Swimming will be also enjoyed during the day tomorrow. Nearly 350 youths are expected by Lex R. Lucas, scout executive.

Every summer the outings at Camp Tulakes draw interest and this year's session will be bigger than ever, according to indications. The camp will be divided into three periods, starting as follows: June 25, July 2 and July 9.

Upland troop No. 4 and Etiwanda troop will attend the first period; Upland No. 3 and Alta Loma the second period, July 2, and Upland No. 1 and Cucamonga troop the final period, July 9. On June 18 a group will go into camp and prepare for the scouts to follow. A comprehensive program is being planned, according to Mr. Lucas.

The camp committee of Old Baldy council, of which R. H. Henderson is chairman, yesterday announced the Camp Tulake staff as follows:

O. A. Alderson of Pomona, business manager; Lex R. Lucas, camp director; Dr. Robert G. Wirth of the Los Angeles county hospital, camp physician; on the water front, Lex Lucas, director; Edgar Bailey, assistant swimming instructor; William Bowden, boating instructor.

Tent quartermaster, Martin McMahon. In the handicraft section, Carroll Wilkinson, leathercraft; Dudley Campbell, metalcraft.

Radio station 6CQJ, Harvey Ziegler and Cecil Cavers of Pomona in charge. Mr. Ziegler was the first American amateur operator to reach Australia.

Mrs. W. A. Lucas will be in charge of the kitchen, assisted by Robert Rickenburg and Frank Watkins.

In charge of the camp villages will be: Lex Lucas, first year settlement; Edgar Bailey, second year Indian village, and Dr. Wirth, third year pionner stockade.

Girls in the Upland district are today looking forward to the annual Camp Conifer to be held in two periods, one for high school girls from June 8 to June 17, and the second period for all girls through the eighth grade from June 17 to June 27.

Miss Clara Bissell, one of the camp directors, urged all those planning to attend to register immediately. She pointed out the cost is less this year than formerly, the rate being $1 a day for the 10-day period, transportation being free. The vacation would not only be inexpensive, she said, but also especially educational and recreational.

The staff at the camp includes a trained nurse, dietician, and specialists in nature study, dramatics, handicraft and swimming. Miss Bissell announced the names of those to be in charge of the various features. The camp is located about 40 miles from Upland in the San Bernardino mountains, being just off the City Creek road, one-half mile below Deer Lick Springs.

The first period camp staff includes the following: Ethel McCorkindale, nature study; Eleanor Tompkins, craft; Wilma Lewis, singing; Gertrude Greenlee and Harriett Shattuck, swimming; Rhoda Widmer, pioneering; Marian Holden and Carrol Carr, dramatics, and Esther Anderson, horseback riding. A nurse for this camp has not been named.

Second period staff members will be Genevieve Bickmore and Iva Renstrom, nurses: Helena Dexter and Carrol Carr, dramatics; Hazel Williams and Elizabeth Toning, horseback; Helen Lewis, singing; Patricia Hosford, nature, and Eleanor Tompkins, Mrs. Paul Adams and Dorothy Allen, craft.

Cooks for both camps will be Mrs. Charles V. Benson and Evelyn Steinmeier.

"No Smoking" Rule Is Now in Effect

The people of this community will be interested in learning that the "no smoking" rule is now in effect in the national forests and many county areas in this section.

"Smoking of cigarettes and cigars will be permitted in habitations, well protected camps and stations," but the ban is on in other areas, it is stated.

It is reported that special effort will be made this year to prevent "fire racketeering," or the activity of men who set fires for the purpose of getting paid to put them out. Several fires of this character were reported last year, and this season every effort will be made to apprehend and punish any persons indulging in such a dangerous practice.

A doctor was called in to see a rather testy aristocrat.

"Well, sir, what's the matter?" he asked cheerily.

"That sir," growled the patient, "is for you to find out."

"I see," said the doctor thoughtfully. "Well, if you'll excuse me for an hour or so I'll go along and fetch a friend of mine . . . a veterinarian. He is the only chap I know who can make a diagnosis without asking questions."

1500 STUDENTS ON ROLLS FOR 1932-33

Chaffey Registration for Next Year Held This Spring With Many Enrolled

As the result of a new plan being adopted, Chaffey students planning to attend school on the local campus have already registered, approximately 1500 being signed on the rolls for the 1932-33 school year.

Registration was conducted by Mrs. Susan B. Mehl, dean of girls. She and Principal Ernest W. Fischer will be at Chaffey during the next two weeks to hold conferences with students who desire to change their schedules.

With the registration already completed, students will begin classes without any preliminaries Sept. 12. New students will be permitted to register prior to that time this fall, but the advance signing up of students will make it possible for a more prompt beginning of classes.

Funeral services were held on Tuesday, May 31, at 1 p. m., in the Wee Kirk o' the Heather, Forest Lawn, for Joseph D. Rhonemus, overseas intelligence officer during the World war, who passed away Sunday at his home in Los Angeles.

Miller Planning For Bigger Fair

Under the leadership of A. B. Miller of Fontana as president, the California state fair last year held one of the most successful expositions in its history. Miller has still greater plans for the 1932 State fair, September 3 to 10.

In addition to a wide knowledge in the fields of horticulture, agriculture and livestock, Miller brings to the position of president of the state fair a business and executive ability which is valuable in planning and carrying out California's great annual exposition.

Besides his work as president, Miller this year is carrying out active service in several departments of the exposition in committee work. He is chairman of the grounds committee and a member of the finance and building committees.

LEGION AUXILIARY IN BUSY SESSION

Only Evening Meetings To Be Held; Reports Received, Program Given

In the future all meetings of the Upland unit of the American Legion Woman's Auxiliary will be held in the evening, as the result of a resolution unanimously adopted at a regular meeting of the unit held last night in the Legion club house, Mrs. Sam L. Lamb, president, presiding.

In addition to the routine business, several interesting reports were made and plans were discussed for the annual picnic to be held jointly with the Legion some evening in the latter part of this month. Camp Baldy is the place selected for the picnic.

Mrs. W. J. Larkin reported on the recent poppy sale and Miss Elizabeth Fossett, treasurer, presented her annual report.

Mrs. Lamb made a report of Memorial day activities, stating the Auxiliary decorated 17 graves and was represented in the parade and on the auditorium stage during the program, Mrs. Lamb being introduced as the president of one of the patriotic organizations.

Mrs. Lamb also read an interesting report of the recent convention of the Women's Patriotic Conference on National Defense.

A very enjoyable program was cleverly presented by a trio of 12 year old girls, Dorothy Benson, Peggy Grahame and Nellie Carter. The girls sang several numbers, accompanied by Mrs. A. L. Notes of Society

Charming Party Given By Miss Milliken

Responding to invitations to a plate luncheon, cleverly written on miniature wooden plates, friends came from a number of neighboring communities on a recent day to be guests of Miss Ruth Milliken at her home on Haven avenue, Cucamonga.

A color motif of yellow and white was utilized in baskets of golden coreopsis and baby breath, complemented with many yellow candles advantageously placed throughout the rooms.

The same favored colors were used in the plate luncheon and in the small yellow and white plates used as score cards. The score prizes awarded at the conclusion of the afternoon of bridge playing were handsome plates and were won by Mrs. J. P. Durfee of Pasadena, Mrs. Paul Adams and Mrs. Wayne E. Morse of Upland and Miss Alice Allen of Ontario.

Sharing in Miss Milliken's hospitality were Mrs. H. H. Thomas, Mrs. H. G. Klusman, Mrs. Ross Parsons, Mrs. R. R. McKennett, Mrs. Maurice Bonillas, Mrs. Wm. M. Kincaid, Mrs. Ray R. Ford, and Mrs. E. S. Bishop, all of Cucamonga; Mrs. W. C. Belden and Mrs. Theo Krysto, of Alta Loma; Mrs. Leonard A. Smith and Mrs. Dan Milliken of Red Hill; Mrs. Wayne E. Morse, Mrs. Clyde DuVall, Mrs. Arthur Pehl, Mrs. Leigh Thompson, Mrs. Chas. B. Motsinger, Mrs. C. A. Baeuerlen, Mrs. R. H. Henderson, Mrs. Paul Adams, Mrs. John B. Craig and Mrs. Ralph V. Arnold, all of Upland; Mrs. J. H. Miller, of Fontana; Mrs. J. P. Durfee and daughter, Miss Helen Durfee, of Pasadena; Mrs. B. L. Bergstrom, of El Monte; Mrs. Edward W. Ward, of Sierra Madre; Mrs. William Fleming, of San Bernardino, and from Ontario, Mrs. R. H. Gushee, Mrs. E. J. Sandford, Mrs. Sanford Ballou, Mrs. Charles Latimer, Mrs. James L. Freeman, Mrs. Sterns Ingalls, Mrs. Lemuel A. Graves, Mrs. W. P. Stover, Mrs. John Voss, Mrs. A. L. Davenport, Mrs. J. Awdry Armstrong, Miss Alice Allen, Miss Daisy Latimer, and Miss Ina Wynne, and Miss Milliken's mother, Mrs. A. K. Milliken.

Tomafornians Guests At Mission Inn

Mr. and Mrs. Geo. L. Winter were among the 125 guests recently entertained at the Mission Inn in Riverside when Frank Miller, owner of the inn, invited the Tomafornians to be his guests for the afternoon.

The Tomafornians are a group of former residents of Tomah, Wis., who now live in California, Mr. Miller being among the number.

Arranged by Mr. Miller, a special musical program, the outstanding number of which was an organ and harp duet, was given for the guests, and later, under the guidance of George Anderson, also of Tomah and Mr. Miller's secretary, the group toured the famous inn.

Some time was spent in the splendid new wing of the inn, the new wedding chapel with its wonderful windows being visited, as were the international rotunda and the oriental court.

In the delightful open-air tea room on the second floor, tea was served and Mr. and Mrs. Miller and their sister, Mrs. Richardson, met their guests informally and talked of things Tomahan.

Mr. Miller had long desired to entertain the Tomafornians and this spring he sought advice from Mrs. Winter, who suggested a tour of the inn. It was characteristic of Mr. Miller's hospitality that he included the other delightful features of entertainment.

Nazarenes To Hear Foreigner's Story

The local church of the Nazarene is planning special services for the Sunday evening program. Rev. Peter Jurich, his wife and daughter will have charge of both the Young People's meeting and evangelistic service.

Mr. Jurich is a native of Czecho-Slovakia. At about 6:45 he will begin the narration of his life story. He will detail his early life of poverty and struggle in his home land, his crossing the waters to America and the stirring events that followed. The whole is said to be full of melting pathos and inspiration. His wife follows him with an interesting account of their return evangelistic trip to the "old country," with a description of peoples and customs.
